

Spring 2012
Field Camp Registration

Field camp has always been out of phase with the traditional semester system – neither Spring nor Summer. This has led to inconsistencies in registration, withdrawals and cost. In the future, field camp courses will be “Part of Term” courses – basically a ‘special’ semester that coincides with the actual dates for the classes. As a consequence, registration for the 2012 field camp courses will depart from past practice requiring some adjustments on the part of advisors and advisees taking field camp.

1. Field camp courses will **ONLY** be listed as part of Spring semester registrations. **There will no longer be an option for Summer Session registrations for field camp.**
2. This means that the **field camp credits will count as part of the Spring tuition load**. This can be beneficial, but it can lead to additional upfront costs if the load exceeds 18 credits.
3. **Students qualified for financial aid must visit the Financial Aid office** before the close of regular Spring registration to assure maximum benefits.
4. **Registration for field courses will NOT end with the close of registration** for other Spring courses, but will instead remain open through April 16, 2012.
5. Registered **students may drop** (with full refund of fees and extra tuition) **field courses through April 20, 2012.**
6. Students may withdraw (fees and tuition not refunded) according to the following schedule:
 - a. EARTH 483 – May 29
 - b. EARTH 484 – June 13
 - c. EARTH 480 – June 17
 - d. EARTH 485 – June 27

2012 Geology Field Courses Schedule

Date	Event	Comment
Monday, November 28, 2011	Open registration for EARTH 480, 483, 484 & 485	
Monday, April 16, 2012	Close of registration	Registrations after this date permitted only if logistics can be amended.
Friday, April 20, 2012	ERTH 480, 483, 484 & 485 Drop deadline	Drops after this date permitted only if logistics can be amended and only up to the census date for the class (see below).
